16<sup>th</sup> October 2020

We have had a busy week! We have been testing our engineering skills as we constructed cars from the Mobilo blocks; learning about simple coding using the Beebots; practicing our measuring skills and mathematic language as we measured our heights; using our listening skills in stop/go music activities; enhancing our road safety knowledge on a trip around the village; and having lots of fun with the new doorbell in the homecorner!

A big well done and thank you to those children and there families who took part in Morris the Monkeys' Tapestry challenge. If you have not already done so, there is still time to upload your photos and claim your super stamp from Morris.

## Applying for school Places for September 2021 - Repeat

Applications for Primary school places can now be made for 2021 Admissions. Parents/carers of children who have their 4th birthday between 1 September 2020 and 31 August 2021 need to apply for their school place by 5pm on Friday 15 January 2021;

Parents/carers can register online to apply for a school place through the Northamptonshire County Council website

They will then be sent an email with a link which they must click on to enter the portal in order to make their application. Parents/carers must press submit once their application is complete and if they do go back into their application at any time after that (up to the closing date), they must ensure they submit again. Every year applicants who forget to resubmit are distraught as this often costs them a place at their preferred school as the application is not processed.

Unfortunately, due to the Covid Pandemic, we are unable to hold drop-in sessions this year so parents are asked to contact the School Admissions team for advice and assistance by either calling: 0300 126 1000 or emailing:

Summer Born application deferral requests

Parents/carers of Summer Born Children may be contacting schools to enquire about their children starting school in Reception in the September following the date they should have started school according to their age group, i.e. September 2022 start, rather than 2021.

As a reminder of the role of admission authorities, please refer to paragraphs 2.17 - 2.17 B of the School Admission Code. Specifically, 2.17A states that:

2.17 Admission authorities must make decisions on the basis of the circumstances of each case and in the best interests of the child concerned. This will include taking account of the parent/carer's views; information about the child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely. They must also take into account the views of the head teacher of the school concerned. When informing a parent/carer of their decision on the year group the child should be admitted to, the admission authority must set out clearly the reasons for their decision.

Advice on the procedures followed are on the Northamptonshire County Council website

## Consumable Payments

A big thank you to those families who have made a payment towards this term's voluntary contribution invoices. To date we have received 64% of the total costs "invoiced." If you have not yet made a payment and are in a position to do so we would be very grateful.
